A Brief History of Sevalaya

Sevalaya, is a voluntary organisation registered under Charitable Trusts Act in India. It is running an orphanage at Kasuvavillage, near Chennai (Madras), South India.

Sevalaya, managed by a board of 2 trustees, started functioning on the 29th May 1988, with 5 children in a small rented house in Sivanvoil village near Kasuva. Now Sevalaya shelters 15 children and provides them with food, clothing, shelter, education and medical aid absolutely free of cost.

Sevalaya provides shelter to any orphan child without any discrimination on the basis of caste / colour / creed / religion / language / sex etc. The application form which the guardian of a child has to complete while admitting a child, asks no information about the child's caste or religion. In fact, at the entrance to the premises itself Sevalaya implores its visitors to shed all their preferences / prejudices on the basis of caste / creed / religion / language / sex etc. before entering. The institution does its best of instill in the minds of the children that all human beings are equal while teaching them about the principles of various religions.

Sevalaya constantly strives to find out the interests / talents of each child in the institution and provides them with opportunities to develop in their respective fields of interest. Children excel in the field of sports also. Many children have won prizes in many athletic events.

To bring out the talent in the children in the field of writing essays, poems, stories, jokes, drawing pictures, etc., the institution encourages them to prepare a monthly manuscript magazine in Tamil named 'VIDIYAL' (Dawn). The magazine is prepared entirely by the children have also participated and won prizes in inter-school competitions.

Kasuva, the village in which Sevalaya is situated, does not have a school with minimum guidance the children nor is there

any school within the radius of 2 Kilo meters. Hence most of the children in the village do not go to school at all or they are very irregular in attending school which is far away.

Hence to provide a good and sound primary education, not only to the inmates of Sevalaya but also to the local village children, a school, 'Mahakavi Bharathiyar School' is run by Sevalaya, providing free education to all the children for classes 1 to 10. Sevalaya's teachers ensure that all the children in the village attend school regularly and take personal care of each and every child.

Kasuva is a remote village where there are no doctors or government health centres and the nearest doctor is 6 Kilo meters away. To reach medical aid even in case of emergency, the villagers have to travel 6 Kilo meters, of which the first 2 kilo meters have to be covered by foot as there is no public transport facility. To counter this, Sevalaya is now running a free medical centre, 'Mahatma Gandhiji Medical Centre', with a nurse working there full time and a doctor visiting the clinic twice a month. The medical centre serves the villagers in and around Kasuva. The nurse visits every household to attend to pregnant women and gives pre-natal and post-natal advice.

Sevalaya also runs a free library 'Swami Vivekananda Library', for the children of Sevalaya, as well as for the public. This is to encourage the habit of reading among the village people and thereby making them aware of the happenings in the world they live in.

Sevalaya is also planning to start an old age home for the destitute aged people.

Sevalaya which started functioning from a small rented place, has now purchased 1.5 acres of land for the construction of school and hostel buildings, with the help of generous donations received from members of the public, various public Welfare Organisations, staff of various organisations, and industrialists.

Sevalaya, apart from providing shelter and better opportunities for the destitute children, has also done its part in providing the basic necessities of a village namely school, medical centre and a library.

SAMARPANA

'Samarpana' was founded by Mr. B.M. Sridhar, Ln. Prof. Nanjundarac - President, Ms. K. Bhavani Sridhar - secretary, Ms. Joyce Krishna Moorthy - Treasurer and several other members in 1995 to serve the 'Spastics', mentally retarded and other such deprived sections of the society.

The object of 'Samarpana' is to establish and administer special homes, training and day-care centres for the spastics, mentally retarded, disabled children etc.

Samarpana has established and is running the following two residential centres.

- I) The NEST — A home for spastics
- II) The RAINBOW — A home for mentally retarded

These two residential centres are now providing shelter for about 25 inmates. The inmates are aged from 6 to 48 years and a few of them are from houses with single parents. Others are orphans and destitutes.

Samarpana provides specialised services like physiotherapy, speech, therapy, special education and vocational training for these children. These are provided by Mr. B.M. Sridhar and Ms. K. Bhavani who had undergone special training in these fields.

The spastic children are given special training in their day-to-day activities of toileting, brushing, bathing, dressing, drinking and eating. These neglected children of god are also taught language skills (receptive expressive) and academic skills (like reading, writing number, time and money) by the specialised and trained staff of the Organisation.

'Samarpana' is also engaged in providing vocational training to its inmates under which the inmates are trained in the following remunerative jobs : Candle-making, office envelope making, Book-binding, Handicrafts etc.

Apart from these two residential centres, Samarpana is also running a 'Day-care-Centre' 'Nidarshana', which provides free training programmes for spastic & mentally retarded children living in homes in the vicinity of its residential centres.

Samarpana is doing a wonderful job in the service of the poor and under - privileged sections of the society. People who have money may contribute a lot of it for the organisation. People who can spare some clothes or utensils or other things like play things, furniture etc., can donate them to samarpana. People who do not have money or property can atleast spare some time to visit them in their Centres and encourage them in their noble cause with love & affection.

Let the good work of the founders of samarpana continue and grow like a banyan tree!

CAMP TONAKELA

Out door camping under the canvas with good friends and trained leadership is one of the experiences which a youth remembers always with nostalgia and whatever is learnt during these camps and experiences undergone make a lasting impression on the young minds. These camps, therefore, if properly organised with meaningful programmes and trained boys' and girls' work leaders, will no doubt provide an effective method for the character education of our boys and girls.

Wallace Forgie, a dedicated boys' work leader, who had a vast experience of such camps, when he came to work in the Madras YMCA from Canada, found a deplorable lack of facilities for this invaluable activity here. He set out, therefore, to establish the unique and pioneering organisation, Camp Tonakela, and devoted forty years of his life in this service to promote the welfare of our boys and girls.

The camp was officially opened in the year 1938 and was named 'Camp Tonakela' in honour of Ethel Statten, a Canadian lady who was a social worker in Canada organising camping in Canada for girls. The present site was purchased by Forgie in the year 1946 and he developed the camp site giving there in a small building built in the camp site. After Wallace Forgie passed away in the year 1967, the Camp Tonakela Association started by him carried on the activities initiated by him.

The main objects of the camp are :

1. to provide a well equipped camp site for the use of any and all groups of boys and girls who had suitable and adequate leadership.

2. to conduct training in camping and in the leadership of every form of character building activities and

3. to establish and conduct such other activities as may prove necessary and desirable in the furtherance of these and related aims.

Apart from providing cheaply and readily a well equipped camp site for the use of groups of boys and girls, Forgie arranged for groups of children from the weaker sections of the community to be given the camping experience for two or three days providing food and other amenities free of cost. These are the Aided Camps.

During the year 1995-96, we had 60 camps with 5,297 participants and 7 aided camps with 210 underprivileged children. Two hundred and thirty groups with 5,737 participants had picnics in the camp site. The swimming pool with the water treatment plant attracted 14,993 persons during that year. There are also other activities such as tailoring classes for women in the Vocational Training Centre and the children's club with members from the adjacent villages.

The Wallace Forgie Centenary was celebrated during the year 1982. The Golden Jubilee Celebrations of Camp Tonakela were organised during 1988 and the Diamond Jubilee of the Camp will be celebrated during the year 1998.
